

Product Information

FELDER-Pure Tin, Sn99.9

Pure Tin Sn99.9

Item no.: 1299...

All information about our products are the result of our long standing experience which we would like to pass on to our customers as application support. However, as we do not have any influence on the application of the works carried out with our products, please see the warranty claims in our conditions of sale because our liability is limited.

This product information does not constitute warranted properties.

Application

Universal lead-free soldering in the field of electronics, for tin-coating and for model-casting.

Properties

Metallic composition	:	Sn 99.9%
Melting range/ -point	:	232° C
Specific weight	:	7.3 g/cm ³
Tensile strength	:	35N/cm ²

Form of delivery

250 g triangular rods, 400 mm long,
25, - kg cartons

Advices

Pure tin, e.g. powder, or alloys with lead and other miscellaneous metals can be found in our standard delivery program.
